## Belorophon Strikes Big Ore Fissure

Cleghorn Reports Five Feet of  
Killing and Shipping Ore.—  
Has Five Teams Hauling

Cleghorn came out of the  
early this week with the good  
that his men had cut a fissure  
Belorophon ground, that con-  
sists of shipping and milling  
The fissure, which is a strong  
in the quartzite, and the grade  
ore is a little better than that  
Pacific mine, whose ore it so  
resembles. The Belorophon  
however, carries better values in  
and silver than the Pacific.

It is considered to be among  
important that has come out  
canyon since the strike in the  
King in the Silver Lake dis-  
two weeks ago. The ore resem-  
bles now being taken out of the  
and the Wasatch King. It is  
as a straight line, taking ele-  
into consideration, between  
Wasatch King and the Pacific  
and is about 6,000 feet equal  
from either. The fact that all  
are in the quartzite; that the  
of the veins are similar, and that  
is of about the same charac-  
ters some canyon authorities to  
the opinion that they are the  
same. If this be true, the fissure  
is three miles long. If it is not  
one vein, it is of still more im-  
portance, as it proves that the canyon  
is several important parallel

Cleghorn strike will probably  
interest to the district be-  
cause the Belorophon and the Pacific  
are Tyng's Texan grant is di-  
line and undoubtedly has the  
of either or both of these  
veins. Mr. Tyng is spending lots  
of money, and it is just such men  
as Cleghorn and Peter Miller that  
will succeed.

Pacific this week will ship 11  
tons of ore from this property.  
The new leasers have taken 1  
The character of the ore  
is some who are acquainted  
to say that the 50 tons should  
be shipped about \$2,500.

McTague, Layton Cassidy, Sar-  
are hauling ore to the  
to the railroad. The property  
is to be growing more promisi-  
ngly as the management  
able to send out a shipment  
says till the end of the

## Make Map of Canyon Mines

Salt Lake Brokerage Firm  
to Have Had Man in Canyon  
Weeks for This Purpose.

prominent mining engineer by  
name of Hammond, a close rela-  
tive of John Hayes Hammond, the  
mining expert, has been spend-  
ing the past 10 days in American Fork  
canyon. It is said, for the purpose  
of making out a complete map of all the  
mines there, and getting data on  
the leading mines. This informa-  
tion is for a prominent firm of Salt  
Lake brokers who have been  
active during the past year in  
bringing publicity to the mines

same company of brokers, a  
report, say that the next great  
boom will be in American  
canyon, and as it will come soon

as the snows are melted next spring,  
they want to be on the job ready to  
take care of their large clientele. Mr.  
Hammond himself says that he knows  
of no other undeveloped district that  
offers so much promise to the investor  
as does the mines in this district. He  
named some of those examined by  
him, including the Old Wyoming, the  
Pacific, the Bay State, the Dutchman,  
the Bog, the Pittsburg, the Mineral  
Flat, the Belorophon, the Yankee,  
Silver Glance, the Texan, and several  
others, nearly all of which have been  
shippers, yet every one of which, with  
the exception of the Pacific, have only  
been scratched in the grass roots. He  
says that the formations are very  
similar to the Alta district, and that  
with the exception of three properties  
there, that district cannot make a  
showing compared with American  
Fork.

There seems to be a feeling in the  
air everywhere that next season will  
witness great things in the canyon.

## Orient Changes Ownership

Smith Brothers of Salt Lake, Recently  
from London, Purchase Pur-  
rington Interests.

The Orient theater changed owner-  
ship this week, when W. A. and R. J.  
Smith of Salt Lake City purchased  
the three-fourths interest in the  
operating company formerly owned  
by C. G. Parrington. R. J., the  
younger of the two brothers, has al-  
ready taken up his residence in Amer-  
ican Fork and will be in personal  
charge of the business. The Smith  
Brothers are Londoners and came to  
Utah about one year ago.

Mr. Smith, when interviewed by a  
representative of this paper, stated  
that he did not anticipate any radical  
change in the management of the  
Orient, but would consult the people  
first on any changes to be made. He  
intends giving the people anything  
they want in the line of good, clean  
pictures, and will try to make the  
Orient the people's playhouse.

The Orient is one of the best ap-  
pointed show houses in the state for  
city of 4,000 people. It is well seated,  
well lighted, and well ventilated. It  
is well equipped with all the best and  
latest machinery and cannot help but get a big patronage.

## Work Commences On New Lake Resort

Messrs. Shelley and Paxman com-  
menced work on the new lake resort  
for T. J. Chipman, Monday. Teams  
have been busy all week hauling three  
carloads of lumber from the depot  
down to the grounds, and other teams  
are busy hauling gravel for the ce-  
ment piers, which can now be placed  
a long way from the shore line be-  
cause of the low level of the lake.

The contractors will rush work fast  
as the weather will permit, and if the  
winter is an open one will finish it  
before spring. When their work is  
completed we will have one of the  
finest resorts in the county.

## \$30,000 PAID THROUGH LOCAL BANK

During the past week the Utah and  
Idaho Sugar Co. distributed \$30,000  
to the sugar beet growers of American  
Fork and Pleasant Grove, through the  
People's State Bank of American  
Fork. This big sum of money is hav-  
ing its effect on local trade and the  
settling of obligations among the  
people.

## Mrs. Lydia M. Storrs Is Called

After an Illness of One Year Goes to  
Her Reward—Funeral Services Held  
in American Fork and Springville.

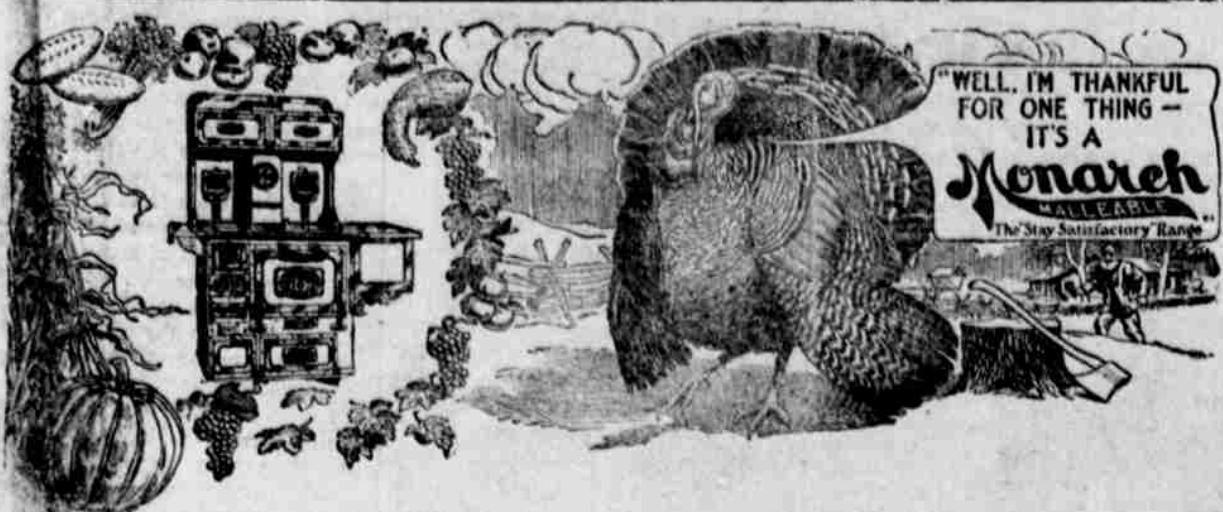

MRS. LYDIA M. STORRS.  
(Photo by courtesy Salt Lake Herald-  
Republican.)

After an illness of about one year,  
Mrs. Lydia M. Storrs, widow of the  
late George Storrs, died at her home  
in the Second ward Saturday evening,  
November 13, at 7:20 o'clock, from  
general debility. For the past three  
months she had been confined to her  
bed, gradually becoming weaker and  
weaker, until the angel of death came  
to her relief, passing away as a tired  
child going to sleep. Her sons, George  
A. of Provo, Bishop J. H. J. W. and  
W. S. of this city, and her three  
daughters, Mrs. S. W. Bird, Mrs. Ella  
Olsen and Miss Eliza Storrs, were at  
her bedside when the end came.

Mrs. Lydia M. Storrs was the daugh-  
ter of Edmond H. and Harriet Lord  
Kindred, and was born April 11, 1844,  
at Ipswich, Suffolk, England, and was  
baptized into the church of Jesus  
Christ of Latter Day Saints in 1853, at  
Ipswich, and in 1855, in company with  
her parents and the rest of the family  
immigrated to America coming by  
sailboat across the ocean and up the  
Mississippi river, and from there  
walked almost the entire distance  
from the Missouri river to Utah. The  
family, after arriving in Utah, lo-  
cated at Springville, this county. On  
June 29, 1861, she was married to  
George Storrs, in the endowment  
house at Salt Lake City. She made  
her home at Springville until 1904,  
when a large portion of her children  
having moved to American Fork to  
live, she, in company with her hus-  
band, moved to this city, so as to be  
near their sons and daughters in their  
declining years. Her husband pre-  
ceded her to the great beyond four  
years ago, September 1. Mrs. Storrs  
is survived by five sons and three  
daughters, as follows, George A.  
Storrs of Provo, Bishop Joseph H. J.  
W. and Wm. S. of this city, Chas. A.  
of Richfield, Utah, Mrs. S. W. Bird of  
Mapleton, Mrs. Ella Olsen and Miss  
Eliza Storrs of this city, besides 32  
grand children and five great grand-  
children. Mrs. Mattie McTague of this  
city is a sister of the deceased, she  
being the only member of the original  
family living today, three sisters and  
one brother in the family having died  
within the past eleven months.

Funeral services were held in this  
city Monday forenoon, and in Spring-  
ville Monday afternoon. The services  
at American Fork were held in the  
Second ward meeting house, Councilor  
W. S. Chipman officiating. A quar-  
tette from members of the ward choir  
gave the opening and closing selec-  
tions, and Mrs. C. E. Young sang "I  
Know That My Redeemer Lives." The  
opening prayer was given by S. D.  
Chipman, and benediction by Ray D.  
Nichols. The speakers were Presi-  
dent S. L. Chipman and Clifford E.  
Young. The body was taken to  
Springville on the 12:35 car, and  
services were held there in the Third  
ward meeting house, Bishop Willis K.  
Johnson, Jr., presiding; the Old Folks

## Let Us All Be Thankful Together

SO MUCH THAT IS GOOD IN THIS WORLD IS SMILING  
ON THIS BIG COUNTRY OF OURS, THAT WE OUGHT  
TO BE DEEPLY THANKFUL.

Thankful for peace and prosperity.  
Thankful for health and good crops.  
Thankful that a huge shell or bomb isn't  
going to crash into our home any minute.

WE ARE THANKFUL FOR SO MANY OPPORTUNITIES  
TO SERVE OUR PATRONS IN THIS COMMUNITY; WE  
ARE ALSO THANKFUL FOR THEIR RESPONSE TO  
OUR EFFORTS.

WE HAVE EVERYTHING YOU NEED IN THE WAY  
OF EATABLES OR THE TABLE LINEN, THE NAPKINS,  
THE DECORATIONS, THE DISHES, THE KNIVES AND  
FORKS, THE SPOONS, THE BEAUTIFUL DINING TABLE  
FOR THE WHOLE FAMILY.

LET US GET THE CHILDREN TOGETHER—LET US RE-  
MEMBER THE POOR—LET EVERYBODY FEEL THANK-  
FUL TOGETHER.

## Chipman Merc. Co.

choir, lead by Prof. George Harrison,  
furnished the opening and closing se-  
lections; Miss Winnifred Straw sang  
a solo, and a quartette sang a beau-  
tiful selection. The speakers were:  
Bishop George R. Hill, Bishop Oliver  
D. Huntington, Elder John S. Boyer  
of Springville, President James H.  
Clarke and W. S. Chipman of Amer-  
ican Fork. The opening prayer was  
offered by Elder Oscar Mower, and  
benediction by Bishop George R. May-  
cock. Interment was in the city ceme-  
tery at Springville, alongside that of  
her husband.

## Utah Manufacturers Visit American Fork

Two special Orem cars filled with  
members of the Utah Manufacturers'  
Association, visited this city Wednes-  
day. They were met at the station by  
nearly 1000 citizens and school chil-  
dren. Mayor Greenwood in a brief ad-  
dress welcomed them to American  
Fork and then introduced B. W. Men-  
denhall, vice president of the associa-  
tion, who told why Utah people should  
buy Utah made goods. A popular yell  
that soon took with the big audience  
was: "Made in Utah not enough, buy  
them, buy them, that's the stuff."  
After the talks, a long procession,  
headed by Held's band, marched  
through the business district, where  
the visitors viewed the show windows  
filled with goods labeled "Made in  
Utah." The visitors then boarded  
their cars at the tabernacle and pro-  
ceeded to Spanish Fork, where the  
festivities of celebrating the comple-  
tion of the interurban to that town  
was in progress.

## FILES ON WATER OF SOUTH FORK.

B. N. Christensen and John W. Chip-  
man, representing others associated  
with them, have filed on the waters  
of the South Fork in American Fork  
Canyon, which they propose using  
for power and light purposes in this  
city and surrounding settlements.

By taking the water out at what is  
known as Mossy Bank Falls and con-  
veying it for a distance of 8,029 feet  
to a point near the forks of the can-  
yon, a drop of about 900 feet may be  
obtained. In the driest months be-  
tween 2 and 3 second feet of water  
comes over the falls and increases to  
20 feet during the flush season.

When questioned by a reporter,  
Mr. Christensen said that it is no.

their intention to erect a plant them-  
selves alone, but to secure the title  
to the water and then interest outside  
capital.

ECZEMA REMEDY  
Sold on a guarantee for Eczema,  
Tetter, Salt Rheum, and similar af-  
fections of the skin and scalp. Sold  
only by us, 50c and \$1.00.

F. M. BROWN, American Fork.

The old time lumber yard is passing.

It never did serve you adequately because you  
could seldom get building information of a com-  
plete or practical sort.

Our yard represents the new type.

It is a bureau of information which takes a per-  
sonal interest in you.

It is a place to come for ideas and help in getting  
your own ideas on paper in a definite form.

In fact, it is the first place to come when you are  
thinking of doing any building. Especially so  
since our "Customers-Aid" Plans are now at your  
service.
